

Imported Fruit

Mouth-wateringly good.

Soft, exotic and tree fruits, full of succulent flavours and vitamins, are imported from around the world. Enjoy the delicious taste of our quality supply lines.

We regularly visit, check and quality control all growers' crops and their processing facilities as in the UK, to make sure they meet our customers' exacting standards. They want us to control and manage their frozen imported fruits, in the light of our management's expertise.

There is no room for compromise.

Traceability and provenance are of paramount importance to the buyers in Place UK.

Varieties include blackberries, blueberries, raspberries, strawberries, cranberries, pineapple, mango, papaya, kiwi, cherry, peach, pear, grapes and grapefruit.

It is a colourful supply line full of sunshine and goodness for consumers.
